

## **St. Patrick's of Texas has selected Taylor for their new headquarters**

The Taylor Economic Development Corporation (TEDC) is pleased to announce that St. Patrick's of Texas has selected Taylor for their headquarters. St. Patrick's distributes beverage industry equipment, primarily stainless-steel tanks, valves and fittings, filtration and packaging for the wine, spirits, beer, cider, and dairy industries. They currently have the largest inventory (up to \$5,000,000.00) of stainless-steel tanks in North America. St. Patrick's was founded 27 years ago and now operates a substantial family owned business which will now be located in Taylor, Texas.

St. Patrick's has purchased the 50,000 sq. ft. spec building in the Mustang Creek Industrial Park at 197 S. Edmond St., Taylor, Texas 76574 for \$2,950,000. The company will create up to 25 new jobs in Taylor and will bring additional taxable inventory to the community. The building built by TEDC in 2015 to recruit new companies to Taylor will now be placed on the tax roles with the sale.
